# UITP Training Programme on Public Transport Fundamentals

New Delhi, India

17-20 November 2014

With support from

**LTA ACADEMY**  
SINGAPORE

**DIMTS**  
We help people move

## Introduction

The UITP 'Public Transport Fundamentals' training programme aims to provide fundamental knowledge on public transport as part of sustainable urban mobility. It combines UITP's international knowledge with LTA's and DIMTS's experience in delivering quality and sustainable public transport. The course also provides opportunities for participants to take part in interactive discussions and to share their experiences.

This course is organised by UITP with support from the Land Transport Authority (LTA) Academy, Singapore, the UITP Centre of Transport Excellence in Singapore and Delhi Integrated Multi-Modal Transit System Limited (DIMTS).

## Objectives

The key objectives of the programme are:

- Provide participants with fundamental knowledge on public transport and sustainable urban mobility, and explain the importance of public transport
- Allow exchange of knowledge by tapping on UITP's international expertise with LTA's and DIMTS' professional 'on the ground' operational experience
- Present basic definitions related to the organisation, administration and operation of public transport and illustrate them with examples
- Increase awareness of main issues related to urban mobility
- Provide a conducive platform for networking opportunities and interaction amongst participants

## Methodology

Each module will be delivered as follows:

- Basic principles and conceptual approach
- State-of-the-art development and innovations
- Good practice examples
- Interactive exchange between participants and group discussion with Public Transport specialists of UITP, and senior staff of LTA Academy and DIMTS.

## Duration

- Three and Half training days (November 17-20, 2014), which include a technical visit and group exercises.

## Trainers

- UITP experts with extensive experience and international knowledge of public transport and urban mobility policies
- LTA and DIMTS specialists equipped with practitioner knowledge and experience of public transport regulation and policies

## Training Venue

- The venue will be finalized in New Delhi, India

## Technical visit

- Half day technical visit of the Control Centre at DIMTS

12. UITP reserves the right to cancel the event in case there are not enough candidates registered.

### About UITP

The International Association of Public Transport (UITP) is the international network for public transport authorities and operators, policy decision-makers, scientific institutes and the public transport supply and service industry. It is a platform for worldwide cooperation, business development and the sharing of know-how between its 3,400 members from 92 countries. UITP is the global advocate of public transport and sustainable mobility, and the promoter of innovations in the sector.

### About UITP Centre for Transport Excellence, Asia-Pacific

To consolidate the regional services for its member, UITP has created Centres for Transport Excellence (CTEs) in the Asia Pacific and MENA Regions. The objectives of the CTEs are to share knowledge, conduct research and perform training to support the development of efficient public transport policies and solutions. The CTEs aim to promote sustainable mobility systems as a way of improving the standard of living in a specific region.

### About LTA Academy

The LTA Academy was launched on September 2006 by the Land Transport Authority of Singapore. The Academy aims to be a global knowledge hub in urban transport. The Academy takes on three key roles: Learning Enabler, Research and Public Education. It publishes JOURNEYS, a professional publication on land transport issues. The Academy is a member of the Singapore Network of Public Sector Training Institutions (PSTI); and has forged strategic partnership with 22 established international agencies, including those in US, UK, Germany, China, India and Korea.

### About DIMTS

Delhi Integrated Multi-Modal Transit System (DIMTS) Ltd. is an equal equity joint venture of Govt. of NCT of Delhi and IDFC Foundation. The company provides Concept to Commissioning, Consultancy, Intelligent Transport System solutions and Urban Transport asset management services. Apart from creating quality infrastructure and transportation systems, DIMTS is also actively working towards raising awareness among people about public transport.
